We turn your onboarding into video lessons with an AI guide.
The video stops to ask questions,
and you get a report on every new hire.

Usually, it's whoever has time.

Mon: one colleague shows the tools.

Tue: another one explains the process.

Week 3:

Sam still asks,

"Who approves this?"

Meet Venera. She guides Sam from the start.

I'll be with you
through your
onboarding."
